

Lomandra 'Lime Tuff'

A fantastic easy care, perennial grass bred in Australia. The fine lime green foliage stays lush all year round making it perfect for mass planting or for use as an accent plant.

This versatile grass tolerates hot dry positions or part shade.

Grows 45cm x 45 cm.

Where to Grow

- *Mass plant in garden beds*
- *Effective when underplanted beneath large trees*
- *On banks, driveways or in front of fences*
- *As a container specimen*

Planting

- *Plant in full sun or part shade*
- *Plant in free draining soil*
- *If planted in containers, use a good container potting mix with a slow release fertilizer, ensure that the container has good drainage*

Care

- *Water well while the plant is establishing itself*
- *When planted in containers monitor and water regularly, do not allow to dry out.*
- *Apply a slow release fertiliser early spring*
